

JAW-DROPPING **EXPERIENCE** WITH **JAYCON!**

JAYCON SMART DEVICES: A Unit of Jaycon Building Solutions

ONE JAYCON APP. **ONE INTERFACE.**

That's about all to control all your in-built home devices, appliances and electrical systems. Switch on or off from almost anywhere on the face of our planet earth. The sheer magical operations begin with your voice commands. Simply say: *turn off the lights* or *mellow the light intensity*, or command: *it is bed time now*, and

lo, witness your home gadgets respond in a jiffy! **Jaycon** devices operate seamlessly with your fav voice assistants: Apple Siri, OK Google, Alexa and Bixby.

With just a single tap, watch how **Jaycon** App allows you to create scenes that control varied appliances and lights or fans.

You could create an ambience viz. *Good Night* that would turn off all the lights, lock the doors and regulate the air-conditioner to an apt temperature. Factually, with a mere single tap, you could generate attractive spaces to set that perfect mood. Be it a romantic dinner or a game night.

As the sun barely peeps through your venetian blinds, you open your eyes to the natural stream of light of a new day. While, a warm shower is getting ready, the music player emits your best ear-soothing tunes, and the air-conditioner is escalated to a cozy level. Your home ambience is flawlessly on an auto-pilot, while you could focus on your priorities.

Surprisingly, your home could sense your going-out or coming-in and hence, gauge likewise in accordance to your likings. Through GPS, Jaycon App device could sense your coming back home after work. And hence, the path-way lights illuminate to aid proper steering, the garage door opens up, and your home is prepared with apt lights and temperature for you to unwind peacefully.

Thus, the entire smart story of Jaycon is truly jaw-dropping. With remote access, voice and scene control, automation and geo awareness, the entire home would be saturated with ineffable happiness.

ADVANTAGE JAYCON

You could add devices anytime sans any changes to your home. Jaycon technology operates on **wireless** data communication protocols, and it's **modular**, whereby with the growing needs, solutions could be expanded. It is perhaps, well-understood by now, that it has **remote access** to control and monitor your home, from anywhere. Wait, there are more in store!

Jaycon App enables **shared access**. You could invite your closed ones to share access to your home, thus sharing the excitements of a smart lifestyle. Jaycon devices are indeed **compact** and **durable** that fits effortlessly to any home architecture for long.

Meanwhile, all your privacy and data are grid-locked secured and **safe** by engaging hi-end encryption in accordance to the TLS clauses and secured cloud platforms. And moreover, sans anything to change, it is **easy to install** with its minimalistic design. Finally, as a complimentary system, Jaycon device **plays well** with smart home eco-systems offering a greater gamut of choices, ready to be integrated with other hardware and software manufacturers.

With all of these wonder-working yeomen services, you would surely not want to settle for anything less than Jaycon Smart Devices.

PRODUCTS

SWITCH CONTROLLER

JAYCON Switch Controller devices turn on or off any electrical appliance or circuits. All switch controllers are Wi-Fi enabled.

JAYCON SWITCH CONTROLLER

Dimensions : 58.5x85x20 mm
Wireless Protocol : Wi-Fi IEE 802.11b/g/n 2.4 GHz
No.of Controls : 4
Supported Wattage : 3 * 600W, 1 * 1800W

JAYCON SWITCH CONTROLLER MINI

Dimensions : 47x47x21 mm
Wireless Protocol : Wi-Fi IEE 802.11b/g/n 2.4 GHz
No.of Controls : 2
Supported Wattage : 2 * 150 W

JAYCON SWITCH CONTROLLER PRO

Dimensions : 58.5x85x20 mm
Wireless Protocol : Wi-Fi IEE 802.11b/g/n 2.4 GHz
No.of Controls : 4
Supported Wattage : 2 * 300 W, 2 * 150 W

JAYCON SMART PLUG

Dimensions : 76.5 x 50 x 69 mm
Wireless Protocol : Wi-Fi IEE 802.11b/g/n 2.4 GHz
Supported Wattage : 1 * 2400W
